August 14, 2000

Mr. Tom Munson
Senior Reclamation Specialist
State of Utah, Division of Oil, Gas and Mining
1594 West North Temple Suite 1210
Salt Lake City, Utah 84114

Dear Mr. Munson,

Allow this letter to be our Progress Report thus far concerning the Mining Activities of Cambrillic Natural Stone LLC. We have three (3) Appeals pending with the Department of Interior Bureau of Land Management:

1. Record of NonCompliance July 29, 1999. This is not dispositive or non-dispositive, if fact we do not even have a docket number for this case.
2. IBLA 2000-249, filed with the IBLA, on June 4, 2000, and the Motion To Deny the Consolidation and Dismissal of Appeals, Filed August 3, 2000.
3. The Appeal of a Letter from Mr. Rowley dated July 7, 2000, and a Notice of Appeal regarding this matter, August 1, 2000.

We have been thwarted at every turn. We wish to begin mining, but will follow this through no matter what it takes, if that is what must be done.

Sincerely,

A handwritten signature in black ink, appearing to read "Jerry Gatto", is written over the word "Sincerely,".

Jerry C. Gatto
Co-Manager

Re: IBLA 2000-049
IBLA 2000 UTU -07822273

Dear Judge Price,

On August 6, 2000, three Unique Minerals Inc representatives visited Unique Minerals claim sites.

Upon inspecting the Spectrum Quarry site (TS 17 Section 23 SW), we discovered that in spite of the stay granted by IBLA: (Unique Minerals Inc, 4600-010, IBLA 2000 UTU-07273.), there is still mining activity on the claim site.

We have taken video pictures, and 35MM pictures of the site in various stages during the litigated controversial rock sale on our claims. We observed and photographed on June 26, 2000 there were 85 pallets of stone on our claim. Since Levin Stone was ordered to suspend operations, we assumed they were left there because under the stay, there is to be no further activity. The 85 pallets of material was mined by Levin Stone Company. On August 6, 2000 the three Unique Minerals Inc representatives observed there were only 60 pallets loaded with our materials. Since June 26, 2000 that inventory has been reduced by 25 pallets. However we do not believe that is all that has been removed. There has been continued and additional quarrying going on at least since June 26th. There is more ground disturbance, more refuse and waste piles, as well as obviously further diminished deposits of minerals. This is more than plainly observable from our previous visits, and confirmed per our photographs.

Page 1 of 2

Unique Minerals Inc

We further believe that it is possible to sneak into the quarry, load new pallets with stone quarried each day, and ship them leaving a level amount of inventory, giving the illusion of no activity in the quarry. However since the June 26th Unique Minerals inventory, there is the reduction of palletized inventory, new waste piles, and a further diminished hillside.

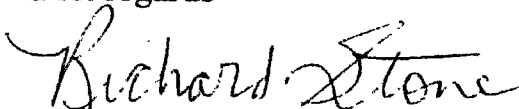

We also visited the quarry of Levin Stone. Their claims are obviously a hardship to their operation. We observed that for all the digging Levin Stone has done, we saw no visible mineral tables where they could extract any significant amount of material. They had some inventory palletized there, but they either gleaned what they could from that site, or they took it from our claims and moved it to their site. We don't really know do we?

In conclusion, we are very upset over the past and present events. Although we have not completed a plan of operation for the Spectrum Quarry, we were projecting the mining of that very special material in the near future. That is why we claimed that area. Not is there a big costly mess to clean up there, but a serious loss of valuable minerals. The problem grows each time we visit the site. We will not allow ourselves any other alternative but to go after responsible parties for damages. We suppose it will have to be decided by a jury as to who are the responsible parties.

It is sad and depressing that certain laws are made for Americans, then flouted and disregarded by people who know better.

We hope that under the "stay", granted by IBLA somehow will be upheld, and that Levin Stone somehow will be rebuked for their activities.

Best regards

A handwritten signature in cursive script that reads "Richard Stone". The signature is written in dark ink and is positioned above the printed name.

Richard Stone
